I am interested in your offer of voluntary library assistant position.
My name is Onwuama Charles, i am a freelance journalist and writer from Nigeria. I came across your library while browsing the web for a copy of "Metamorphosis or The Golden Ass" by Alcepius. I will be delighted to work with your library in a virtual capacity at least until you have libraries in my locality.
Thanks for your anticipated offer

Yours faithfully

I got your message, thanks for considering me. From the list you gave me I will like to start with "The Rise and Fall of the Third Reich: A History of Nazi Germany", by William L. Shirer.

I am looking forward to working with your library. Thank you once more.

Yours faithfully,
 Emwuma Charles

Wonderful! I have many books that you can choose from to begin editing and formatting. Tell me which one to send you the PDF of.

The Rise and Fall of the Third Reich: A History of Nazi Germany, by William L. Shirer
Catch-22, by Joseph Heller
The CIA and the Cult of Intelligence, by Victor Marchetti and John D. Marks
The Grapes, by Stephen Birmingham
The History of the Jews in Russia and Poland, by S. M. Dubnow
Parerga and Paralipomena: Short Philosophical Essays, by Arthur Schopenhauer

How about that list for starters?

Thank you.

Dear Tara Carreon

hello, how was your weekend? I didn't get your agreement and editing instructions. I went ahead and read the book over the weekend. Hope I don't mind? I actually in chapter 14. The first nine chapters are ok, but for some typing errors in chapter 6 and 9. The errors begin from the very first line of chapter 19. The book is interesting reading, I didn't know that much about Hitler and the early days of the Nazi regime.

Hope I will get your instructions and agreement today so I can start editing.

Yours faithfully

Dear Mr. Charles:

Thank you very much for sharing your passport picture with me. Would you mind sending a copy of your passport, as well? I've had so much trouble with people trying to harass me with spoofs, that I'd really appreciate it.

Yes you guessed right Charles is a nickname. The meaning of my first name(Ihunanya) is love. You can imaging growing up with a name like that in your teens.

I started calling myself Charles and it kind of stayed with me.

You can call me Ihunanya, its ok now, the girls here kind of love the name anyway.

Can you check to make sure that is correct, so I don't send you documents you don't need? Have you got plenty of room in your yahoo mail box to receive these documents?
